On a Florida fall morning at Nathan Benderson Park, the Lakeside Legacy Walk brings together families, friends, and community partners for a meaningful experience of remembrance, hope, and connection. With the sun reflecting across the lake on Halloween, participants enjoy a peaceful walk while honoring loved ones and celebrating the compassionate care provided by Tidewell Hospice across Charlotte, DeSoto, Manatee, and Sarasota counties. For sponsors, the event offers meaningful community visibility and the opportunity to align with a mission that supports patients and families during life's most meaningful moments.
